Bespoke Menu Folders

The menu folders are designed and handmade in North Uist by **Hebridean Graphics** and **Sollas Bookbinding** – two small artisan companies who work with great attention to detail and offer a friendly island-based customer service that will incorporate your own ideas.

These menu folders are beautifully made with an elegance of design that will display the information and images that make your business special. The art work will be designed according to your specifications and can be inlaid permanently into the front, back and inside of the folder and it will be sensitive to your existing branding.

The book cloth used to cover the folder is a durable cloth with a lovely surface texture and a water resistant coating ideal for a restaurant/cafe environment. It comes in a beautiful colour range that has both warm and vibrant shades to choose from.
